

GRANTEE: Capital Area Workforce Development Board,

ADDRESS: County of Wake - Workforce Development
P.O. Box 550
Raleigh, North Carolina 27602

AMOUNT: 2,590,952

DURATION: 24 months

POPULATION SERVED: The target population for the training includes incumbent workers who skills and credentials necessary to compete for better jobs, underemployed persons including women working to support families with insufficient earnings, and dislocated workers who lack transferable skills and are interested in retraining in the IT field. It is expected that approximately 400 workers will be trained under the different programs funded by this grant.

BRIEF DESCRIPTION: Triangletech@work will bring federal, state, local, and private resources together to offer certification training to prepare individuals as applications and networking specialists in the IT industry, and process technicians in the Biotechnology industry.

KEY PARTICIPANTS: The triangletech@work initiative in the Capital Area region of Wake and Johnston Counties, North Carolina, represents a unique partnership between the Capital Area Workforce Development Board, businesses in the Information Technology and Biotechnology fields, local One-Stops (JobLink Career Centers), Chambers of Commerce, Wake Technical Community College, and the North Carolina Community College System.
